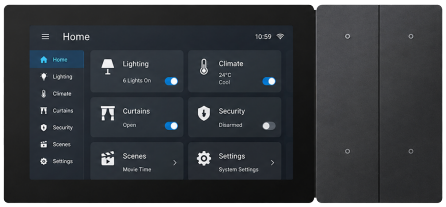
Z90 NexaPad ProTouch

Smart Control · Model Z90

A 5.5-inch Android smart-home control panel with a built-in ZigBee gateway, Wi-Fi and Bluetooth.



Overview

The Z90 NexaPad ProTouch brings connected-device control to a 5.5-inch panel with a 720 × 1280 display. It runs Android 10 and includes a built-in ZigBee gateway alongside Wi-Fi and Bluetooth connectivity.

Its Space Gray enclosure measures 86 × 198 × 11 mm and supports installation in an 86-type wall box or on a wooden wall. The panel uses AC 110–240 V power and supports expansion with four relay modules.

Key features
